Re: Civil Action No. 4:09-cv-3674
KCM Receivership

Judge Atlas:

I am a claimant in the KCM Receivership that was implemented in 2009 by the SEC. Unfortunately, I have \$325,000 in Kaleta Capital Management (KCM) notes. I am responding to the court order dated July 5, 2011.

I am against the current plan by the KCM Receivership to sell the KTEK (AM) radio station to South Texas Broadcasting (Salem) at the current proposed price. While the current value of the station may be lower than the amount originally paid to Salem by the Frishberg/Kaleta group I believe that it should be valued significantly higher than the amount that Salem has agreed to pay.

Thank you,

John M. Dosier
